The site's visitors and pageviews are increasing continually since June 2006. At 10th Sep. 2006, the number of visits reached 8,061. Visitors from over 701 countries or regions, accroding the data provided by Google Analytics. And student from more than 150 universities in US visited this wiki. 2006 Statistics

According to Google Analytics, from 5th Jun. 2006, the site officially started, to 31th Dec. 2006, the wiki/site received 22,737 visitors and 82,217 Pageviews.

2.Computer Virus Information Site (kv365.com) (2001-2003) I set up my first website "Q", which means "Computer Virus Information", in 2001. After 1 year's work, it finally became second largest Computer Safety website in China. According to webstats4U.com's statistic, as many as 464,442 visitors visited from 19 January 2003 to 29 August 2003. However, because I need prepare Senior Hight School Entrence Examnation, the site was closed at the end of Sep. 2003.
