

Line Drawing

Contributed by Liang Chen

I love art. I started Line Drawing since 2004, when I met a brilliant and gifted artist and teacher, Li Daqiang. Here are some of my works on Line Drawing.

Pine Trees (2004) :

This is the best which was collected into "Collection Artworks of Li Daqiang and His Students", which was published by the most authorized art publisher in China: People's Fine Arts Publishing House.
